About Holland Bloorview Kids Rehabilitation Hospital

Holland Bloorview Kids Rehabilitation Hospital (Holland Bloorview) is Canada's largest children's rehabilitation hospital focused on improving the lives of kids with disabilities. We are a global leader in applied research, teaching and learning, and client and family centred care. Our vision is to create a world of possibility for kids with disability.

We are dedicated to knowledge generation and sharing innovative treatments, therapies, and technologies that give children with disabilities the tools to participate fully in life. Located onsite, the Bloorview Research Institute conducts transformational research in pediatric rehabilitation.

Holland Bloorview is an internationally recognized teaching hospital fully affiliated with the University of Toronto. Our Teaching and Learning Institute embraces best practice models to train and develop the next generation of experts in childhood disability.
