

# Youth Advisory Council 2019-2020

## *Youth Engagement Strategy*

The Youth Advisory Council (YAC) is a great way to be involved at Holland Bloorview Kids Rehabilitation Hospital and get volunteer experience while working with your peers.

YAC provides a sounding board for staff, students, clients and families to develop and evaluate Holland Bloorview programs and services. It also offers youth the opportunity to develop advocacy skills and be involved in helping to create possibilities for younger generations of Holland Bloorview clients.

The Youth Advisory Council is for current and former Holland Bloorview clients ages 14+ who are independently mobile, motivated to contribute to and work on projects and are committed to attending the meetings.

You can join the YAC at any time during the year! The Youth Advisory Council meets once a month from September – June. Snacks and attendant care are provided.

If you'd like to join the Youth Advisory Council, please contact:

Youth Leader
