

## Would You Like to Say Thank You to Your Clinicians? Share Your Story!

Jake's Award for Amazing Health Care Providers is a recognition program that honours and celebrates the skillful, compassionate care that health professionals at Holland Bloorview provide each and every day. Throughout the year, a Holland Bloorview clinician - nominated by their colleagues, clients and/or families – will be selected to receive Jake's Award.

A Jake's Award recipient is a clinician who clearly understands our vision of the most meaningful and healthy future for all children, youth and families. Their ability to deliver exceptional client and family-centred care, exemplify the kind of clinical staff that our clients, families, and teams recognize as an outstanding role model and leader.

A Jake's Award recipient embodies the Holland Bloorview values of compassion, equity, courage and resilience, excellence and innovation.

Jake's Award for Amazing Health Care Providers is generously supported by Cure PMD foundation. In appreciation for all the health professionals that have helped Jake Trossman and his family throughout the years, this award offers a public 'thank-you' for examples of exceptional care.
