### Important Reminder from the Bloorview School Authority

This is a gentle reminder to please wear your hospital lanyards when you are coming to Bloorview School to pick up or drop off your child. While your

child's classroom team recognizes you, many other staff do not, and it is really important for the school to be able to easily identify people that are in the building. Thank you for helping to keep our school safe.

### Together We Dare – Dream Big With Us!

At Holland Bloorview, every day is about daring to create a world of possibilities - whether that means trying something new, thinking differently, or showing up for each other.

Together We Dare is a new bold campaign with a goal that every kid with a disability, here in the hospital and around the world, gets the best care, the latest technology, and a future where they can thrive, belong, and dream big.

You can be part of the DARE! Share your big dreams with your care team, cheer each other on, and help spread the word about building a world where all kids are included. Visit TogetherWeDare.ca to learn more.

# Staying healthy during the high viral season

As the weather gets colder during the fall season, respiratory viruses such as influenza, rhinovirus (also known as the common cold), and COVID-19 tend to rise. Wearing a mask is an effective measure to reduce transmission and keep everyone at Holland Bloorview and our community healthy and safe. A self-serve masking station has been set up by reception. Masking and hand sanitizing stations are also available throughout the hospital.

### How to work together and reduce virus spread:

- Getting your flu and COVID-19 vaccine immunizations
- Washing your hands often

While masking is optional hospital-wide except for clinical-facing interactions, it is encouraged to reduce viral spread. The infection prevention and control team continues to monitor viral activity including impact on clients, staff and in the community. Masking protocols will be adjusted accordingly if required. Holland Bloorview will always provide care, regardless of one's ability to mask. Let's work together to keep everyone healthy and safe this viral season!

### **Notice of Changes to Orthotic Device Funding**

We wish to inform our families and caregivers that the Ontario Ministry of Health has recently updated its funding guidelines under the Assistive Devices Program (ADP) for orthotic devices.

As of July 14, 2025, these changes include:

- Broader access to both off-the-shelf and custom-made orthotic devices.
- Increasing prices for orthotic devices to align with inflationary increases.

Effective September 15, 2025, Holland Bloorview-issued orthotic devices will be subject to a pricing increase. ADP will continue to pay 75 per cent of the device cost directly to the vendor, with clients or families responsible for the remaining 25 per cent, unless fully covered through social assistance (e.g., Ontario Disability Support Program, Ontario Works or Assistance for Children with Severe Disabilities). Please reach out to a member of your care team for any support navigating these changes.

### **Data sharing at Holland Bloorview**

Holland Bloorview is partnering with data consortiums like KidSights and research partners locally and worldwide so we can bring the health data of children with disabilities and developmental differences together. How? We will share de-identified clinical data (data that does not have any personal information like name or address) with data and research partners.

Learn more about how we are harnessing data to advance pediatric innovation and discovery: <a href="https://www.hollandbloorview.ca/datasharing">www.hollandbloorview.ca/datasharing</a>. Not interested in sharing your de-identified clinical data? Follow the opt-out process on this webpage or ask your care team.

### Join the Family Leadership Program

### Tidy Fridays is Back

The cooler weather is finally here and it's time to do some cleaning in our inpatient rooms.

Please help tidy your child's room by removing unused items. Uncluttered rooms are easier for us to clean and disinfect, which helps reduce the spread of infections. Prior to going home for weekend pass or weekly if staying you can participate by:

- Remove items and clothing no longer needed.
- Take down older artwork and pictures.

If you require garbage bags or boxes to pack things up, please ask your child's nurse or unit secretary. As always, please consider the environment and recycle as you are able.

# **Family Fridge Reminders**

For your convenience, we can provide **ONE** plastic bin to keep all your child's food items from home while they are here – the bin must be labelled with your family name. Please ensure all items fit in the bin and the lid can close.

### Fridge etiquette:

- Check the bin on Wednesdays and Fridays and please do not leave food to go bad in the fridge if your child will not be here on the weekend.
- Clean up any spills or messes from liquids/foods right away.
- When your child is being discharged, simply empty out the bin and place the bin in the dirty dishes bin for us to clean and reuse for another family.

- Saturday, Sunday, and Statutory holidays between10:00am & 9:00pm
  All visiting hours end at 9:00pm

Family visits with more than two people must occur off the unit and take part in non-client care areas (such as cafeteria, Atrium, Spiral Garden, or the front courtyard) depending on the circumstance including weather conditions or hospital-wide programming.

<u>Lanyards</u>: For security reasons, all individuals visiting inpatient clients, as well as all inpatient caregivers, must wear hospital-issued identification, such as the red or black lanyards and ID badges, always when on hospital property. Clients must also always wear their ID wristband.

### Thank you for your cooperation.
