What it is: charity that partners with health care organizations to provide heavily discounted rates for families and kids as they receive care.

- Yonge x St. Clair location has 8 units @ \$50/night. We can view the units and details at: <https://www.torontofurnishedrentals.com/rentals/front-line-workers-subsidized-rate-plaza-1-one-bedroom-fully-furnished-suite/>
 - Please note that this rate is very similar to our internal Family Accommodations rates, and much lower than average hotel rates of \$90 per night (even with discount)
- It's a 3 storey building with a basement; there is no elevator nor is it wheelchair accessible.
- During Covid there is no housekeeping during the stay. Units are cleaned in-between stays for \$150 fee
- Families must provide 3 days notice to vacate during COVID
- The downtown buildings which you can view on the Staywell website are all wheelchair accessible. There are no special showers or bathtubs however; they are standard condo bathrooms. These should work for those patients requiring special accessibility

Patient's families would initially request to stay through the Staywell website to complete an application. They should mention which hospital program they've been referred through (e.g. Family Accommodations at Holland Bloorview) and the social worker they're liaising with. Once the booking is finalized they would be connected to staff at the accommodations provider we've obtained the unit from. The social worker can also request to waive the cost of the room for families who cannot afford to stay for full cost
