1. As a result of Bill 284 – *Putting Workers First*, who will be eligible to receive paid time off for COVID-19-related reasons due to community exposure?

ALL employees (including staff with casual status, regular part-time with less than 0.8FTE, or temporary contracts less than 18 months) who are directed by Occupational Health and/or Public Health to stay home and they can not work from home, will receive paid time off (Paid COVID-19 Leave) should the following criteria be met:

- The employee is under medical investigation, supervision, or treatment (i.e., receiving the COVID-19 vaccination and the treatment period) related to COVID-19, or
- The employee is acting in accordance with a public health order related to COVID-19;
- The employee is in quarantine or self-isolation, or is subject to a control measure which was implemented as a result of information or directions issued to the public by a public health official, qualified health practitioner, Telehealth Ontario, the Government of Ontario, the Government of Canada, or a municipal council or board of health; or
- The employee is providing care to a family member who is under individual medical investigation, supervision, or treatment (i.e., receiving the COVID-19 vaccination and the treatment period) related to COVID-19, or is in quarantine or self-isolation or is subject to a control measure due to COVID-19.

2. When is the Paid COVID-19 Leave benefit available for employees?

Employees must meet the criteria as outlined in question #1 and between April 19, 2021 and July 31, 2022, employees will be eligible to receive up to 3 days of Paid COVID-19 Leave for their regularly scheduled wages (excluding any premiums or overtime).

3. What options are available to employees who have fully accessed the Paid COVID-19 Leave benefits?

- Employees who are not eligible for additional paid time off may be eligible for EI.
- Employees who are eligible for paid time off may use sick leave, vacation, banked time, etc.
Please refer to the Workplace and Community Exposure Chart below.

4. Can I apply a Paid COVID-19 Leave for days when I was not scheduled to work (e.g. I normally work Monday-Friday, but want to apply a Paid COVID-19 Leave to a Saturday when I got my vaccine)?

No. Paid COVID-19 Leaves will only be applied on days when you were scheduled to work and for the regularly scheduled wages (excluding any premiums or overtime).
### COVID-19 – Workplace and Community Exposure (When Paid COVID-19 Leave is not Available)

2. Possible exposure at work…

(a) ...and employee has been directed by Occupational Health to self-isolate for 14 days and monitor for symptoms...

- If they can, they should work from home.
- If not instructed to get a COVID-19 test, employee will be paid their guaranteed hours/scheduled shifts during this time.
- If instructed to get a COVID-19 test and/or if symptoms develop, employee should get a COVID-19 test, and follow-up with Occupational Health for further direction.
- Once test results confirmed:
  - If negative, employee may return to work once the 14-day isolation period is over and clearance to return to work has been provided by Occupational Health.
  - If positive, Holland Bloorview will submit a claim to WSIB. A member of the Occupational Health team will support employee through this process.
