“

I was so impressed by the passion that all the nurses and therapeutic recreation assistants had; their genuine enthusiasm, the warmth of the space, everyone I met was immediately very friendly and open. When you can help one of the kids do a task that they didn't think they could do and you can sense the pride they feel when doing it, that brings me so much joy.

– Lauren, Volunteer

”

"Holland Bloorview played a significant role in helping my son be as healthy as he is now, and that's why we felt we had to give back. We want to continue to be involved because it really is a special place."

 Longo's Family Charitable Foundation

The Foundation has been working so hard and our donors have stepped up and provided money for our Family Support Fund, which will go a long way in helping many of our families. The generosity of other organizations that have supplied so many things for our staff—it leaves me speechless.

Holland Bloorview helped me in a lot of ways. They introduced me to various rehabilitation therapies including physiotherapy, language and speech therapy, cognitive group, psychosocial therapy and occupational therapy. The therapy sessions and interventions enabled me to walk, talk, run and even jump. I also got really close to all the therapists because I always cracked them up by telling jokes.

— Omar, Ambassador
