WELCOME TO INCLUSION PROGRAMS

Our Inclusion programs are led by qualified, experienced staff including certified music therapists, registered music psychotherapists, professional artists, therapeutic recreation specialists and robotics experts. We specialize in designing and leading quality programs for children and youth with disabilities and developmental differences. In select programs, siblings are welcome to register in the same program.

Please see program information for specific age requirements.

NEED TO KNOW

Meet and greet visit

The meet and greet visit is for clients who are new to inclusion programming. This is a chance for you and your child to discover the environment and meet us. These visits help us determine your child's support needs so, in collaboration with you, we can learn how to provide the best experience for your child in our unique program environments.

Group programs and one-to-one support

These programs are group based with staff leading the programming and volunteers supporting program goals. We are not able to provide one-to-one support for medical or behavioural needs. Families are welcome to provide their own one-to-one support and may be asked to do so on an as-needed basis.

Confirming your child's spot

Registration is the first step in the enrollment process. Submitting a registration form does not confirm your child's spot. Once accepted, you will be notified of program confirmation. After you have paid for your spot, you will receive a receipt and additional program details. Programs may be discontinued if a minimum enrollment level is not achieved. If programs are full, you will be informed that your child is on the waitlist for the next available spot.

Cancellation policy – group programming

[\(Click here](#) for the full cancellation policy)

Program cancellations must be received at least two weeks prior to the program start date to receive a refund. A \$50 service charge will be deducted. For cancellations received less than two weeks prior to the program start date, the full fee will be charged.

Once enrolled, staff will work with the client and family to ensure their identified support needs are met. However, when all possible options have been exhausted, it may be determined that we are unable to meet their needs and participation in the program is not able to continue. Any decision such as this will be made in collaboration with family, clients, program staff, and the program manager. Client, participant, staff, and volunteer safety are our number one concern. Participation discussions and decisions will be based on our ability to provide a safe and engaging opportunity for all.

One-to-one music session cancellation

Please note that one-to-one Adapted Music Education, Music Therapy, and Music Psychotherapy require 24-hour cancellation notice to reschedule, otherwise the session is forfeited.

There is a maximum of one make-up session available which must be completed within a single season and cannot be carried over.

At the first session, the music therapist will talk to you about options for one make-up session.

Please note: Once the season has begun, you are unable to change therapists. If you are experiencing difficulties with your therapist, please communicate these issues with your therapist to find a solution. If you're unable to come to a resolution, please contact the program administrator.

Returning therapy clients are encouraged to join one of the music therapy groups to promote social skills and to build community!

Financial assistance

Financial assistance may be available for registered clients of Holland Bloorview. Please contact the Family Support Fund to learn about financial assistance for your child's enrollment at 416-425-6220 ext. 6303 or send an email to

fsfdoc@hollandbloorview.ca

ARTS

An invitation to play, explore and create together!

The Creative Arts programs at Holland Bloorview bring together the expertise and support of professional Artists and Musicians who use a low-demand approach and adaptations to activities, tools and techniques to best engage your child's curiosity, self-expression, creativity and their need to be with and play with their peers

- These group programs balance structure and routine with opportunities for open-ended exploration in play, art, sensory and music activities such as painting, clay and drumming
- The participants' strengths are highlighted and their curiosity encouraged. There is an emphasis on the participants following their individual interests and making choices while having the chance to be part of a group
- Programs are offered weekly throughout the school year for children/youth 4–21 yrs of age and are held in the large, light-filled Art Studio

** Transitional programming is geared to clients between the ages of 18 and 25*

ArtsXpress

This long-running program is an opportunity for younger artists to interact and play through music, visual arts, drama, stories and sensory activities in a creative and inclusive setting.

To best meet the needs of younger participants, we've adjusted the age criteria and shortened the duration of each session.

Please note that if needed the family will be required to provide one-to-one support for their child. This can be a parent or another experienced caregiver.

Age: 4-7	Saturdays 10:30 – 11:30 a.m.
-------------	---------------------------------

Fall: \$320 Sep 19 – Dec 12 (12 Weeks) No program Oct 10

Winter: \$210 Jan 9 – Mar 6 (8 Weeks) No program Feb 13
--

Spring: \$265 Apr 3 – Jun 12 (10 Weeks) No program May 22
--

ArtsXplore

ArtsXplore, formerly Paint and Clay 1, has been redesigned for slightly older participants who would like to continue to explore their art, play and sensory interests in a group setting. Each day begins with a short music time, followed by time to creatively explore a range of art materials and techniques with their peers.

Please note that if needed the family will be required to provide one-to-one support for their child. This can be a parent or another experienced caregiver.

Age: 8-12	Saturdays 1 – 2:30 p.m.
--------------	----------------------------

Fall: \$475 Sep 19 – Dec 12 (12 Weeks) No program Oct 10

Winter: \$315 Jan 9 – Mar 6 (8 Weeks) No program Feb 13
--

Spring: \$395 Apr 3 – Jun 12 (10 Weeks) No program May 22
--

Paint and clay

The well-loved Paint and Clay 2 program has a new name, time and duration. Now, simply Paint and Clay, it has been reconfigured to offer 15 more minutes each program day so older participants have time to dive deeper into their paint and clay projects. The Paint and Clay Artists facilitate painting and ceramics activities, in a dynamic group environment, encouraging creativity and imagination.

Please note that if needed the family will be required to provide one-to-one support for their child. This can be a parent or another experienced caregiver.

Age: 13-21
Saturdays
3:45 – 5:30 p.m.

SEASONAL FAMILY ART WORKSHOPS AND SPECIAL EVENTS

Celebrate and honour the change of seasons through playful exploration and hands-on making as families. Learn new skills and techniques while building on current ones. A unique community art opportunity!

Fall Eco-Art: Plants & Natural Dyeing

Join us for eco-art making as we harvest and gather the fall bounty—leaves, flowers, and seeds from the Spiral Garden—to guide the creative process. Together we'll explore eco-printing techniques and the colourful possibilities of plant-based dyes.

Activities geared to children over the age of 6

Tuesdays
Sept. 29, Oct. 6
and Oct. 13
4:30 – 6 p.m.

\$125/per family*

*Please note that for pricing purposes, a family registration consists of up to 4 people, with child(ren) having the necessary supervision and support.
\$30 per additional family member.

Winter illumination: Light & shadow art

Fill the studio with colourful light and dancing shadows! Sew, assemble, and shape textiles, paper, and coloured gels into imaginative beings —then bring them to life through movement and sound.

Activities geared to children over the age of 6

Tuesdays
Dec 1 and Dec 8 and
Monday Dec 21, 2026
Winter Solstice Event
4:30 – 6 p.m.

\$85/per family

*Please note that for pricing purposes, a family registration consists of up to 4 people, with child(ren) having the necessary supervision and support. \$20 per additional family member.

Winter solstice

**All ages outdoor solstice night for families. Come drum around a big fire on the longest night of the year!

**Ages:
6-25 (plus caregivers)

Monday, Dec 21, 2026
4:30 – 7:30p.m

Free event:

Registration is required

Child/youth must have the appropriate level of family-provided caregiver support to be able to participate safely

Spring into clay: garden-ready ceramics

Come wander the Spiral Garden as it begins to bloom and be inspired by its fresh colours and textures. Roll out clay tiles to capture nature’s patterns, then coil and shape your own planter pot to grow seeds collected in the fall.

Activities geared to children over the age of 6

Tuesdays June 1 and June 8 and Saturday June 19, 2027
Planting Day
4:30 – 6 p.m.

\$85/per family

*Please note that for pricing purposes, a family registration consists of up to 4 people, with child(ren) having the necessary supervision and support.
\$20 per additional family member

Planting day: getting to know the garden

For participants from the Spring into Clay Family Workshops and clients attending Spiral Garden 2027.

Join in tending and nurturing the earth as the Spiral Garden continues to bloom! We welcome the participants from the Spring into Clay Family Workshops and clients attending Spiral Garden in 2027 to participate in a seed and plant exchange.

If you’d like, please bring a native plant, herb or flower to contribute to the garden and enjoy taking home a small bundle from the Fall harvest. Please feel welcome to bring a picnic lunch.

Activities geared to children over the age of 6

Saturday June 19, 2027
Time: 1 – 4 pm

Free event:

Registration is required

Child/youth must have the appropriate level of family-provided caregiver support to be able to participate safely

MUSIC EDUCATION

Adapted music education

Learn to play an instrument! Choose from a variety of traditional and adapted instruments including the Virtual Musical Instrument (VMI)*, piano, guitar, voice, violin, percussion and ukulele.

*The VMI is music software developed at Holland Bloorview. The program allows users to see themselves on a TV screen with colourful shapes. When the user moves to activate the shapes, music is produced.

Apr 3 – Jun 12 (10 Weeks)

*Please note that for pricing purposes, a family registration consists of up to 4 people, with child(ren) having the necessary supervision and support. Should more than one child within the family be a registered client with Holland Bloorview, an additional fee may be applied.

MUSIC THERAPY AND MUSIC PSYCHOTHERAPY

Welcome to music therapy services! Music therapists promote health and well-being through musical play, skill building, and exploration. We offer a range of services including individual music therapy, psychotherapy and a variety of group music therapy experiences.

Groups provide an opportunity to build friendships, connection, and community. Through music, clients can creatively express and build social awareness together in a fun and motivating environment.

For increased access to music therapy services, try a group!

Individual music psychotherapy

Music psychotherapy is a relationship-based treatment where we use music to create opportunities for positive change. Specifically, we use a music-centred approach to explore our thoughts, feelings, and experiences through songwriting, musical improvisation, and more. As registered mental health practitioners (College of Registered Psychotherapists of Ontario), our music psychotherapists use specialized training and approaches including verbal and nonverbal interventions.

The individual music psychotherapy program includes assessment using music-based interventions that may be verbal or nonverbal.

The music psychotherapist will discuss a treatment plan focused on mental health and well-being and can include a range of goal areas including trauma recovery, positive self-expression through behaviour shaping, and more.

Age:	45-minute time slots

Group music therapy and music psychotherapy

Music therapy groups are an evidenced-based form of intervention to develop non-musical skill sets. This may include improving communication, promoting positive social interaction, regulating emotions, addressing sensory needs, and learning about oneself with others through music. We have a variety of groups for different ages.

Let's talk and sing together

This integrated group is designed for young children, siblings and their parents to help children with special needs communicate, improve focus, self-regulate, and interact with family members and peers in a safe and rewarding music therapy setting.

Group A: Wednesdays
Age: 11 – 11:45 a.m.

HOLLAND BLOORVIEW FIRST® ROBOTICS

Empower your child through Robotics: Building skills for independence and life

Unlock your child's potential with a robotics program intentionally designed to promote independence, communication, and life skills while supporting therapeutic and developmental goals. Through engaging, hands-on activities, participants develop essential skills such as problem-solving, collaboration, and self-regulation in a fun and supportive environment.

What your child will gain:

- **Skill Development:** problem-solving, collaborating with peers, and developing effective communication strategies.
- **Independence:** making choices, completing tasks independently, and practicing self-regulation.
- **Social Skills:** interaction, collaboration, and teamwork.
- **Life Skills:** teaching participants how technology can be used in daily life while encouraging adaptability and confidence.

Who should apply?

- Participants must be able to engage safely in a structured group program. Due to the nature of the program, equipment and collaborative learning environment, this program is not suitable for participants who may exhibit physical aggression, self-injury, and/or property destruction.
- Participants must demonstrate an interest in the selected robotics program.
- Please note that exceptions do apply on an individual basis and must be agreed upon as a good fit for the participant.

Science club: Ages 6–14

Coding club: Age 8–14

Junior Robotics: Ages 6–10

Intermediate Robotics: Ages 10–14

- A formal diagnosis must be provided prior to the start date.
- Families may be required to provide their own 1:1 support if additional assistance is needed for successful participation.
- If a child uses assistive technology to engage in communication, they will be required to bring it to each class.

Science club

Embark on a journey of exploration and discovery with Science Club! This program fosters curiosity and group collaboration through hands-on experiments designed to build habits of observation, measurement, and critical thinking. Participants will collaborate with instructors to conduct engaging science-based experiments in a supportive and interactive environment.

Age:
6–14

Tuesdays
6 – 7:30 p.m.

March 15 – March 19, 2027

Holland Bloorview Kids Rehabilitation Hospital is Canada's hospital for children with disabilities and developmental differences. We believe in creating a world where all kids and youth belong, while helping to power their infinite potential and possibility.

Holland Bloorview is the only children's rehabilitation hospital in Canada focused on combining world-class care, transformational research and academic leadership in the field of child and youth rehabilitation and disability. We are a top 40 Canadian research hospital, fully affiliated with the University of Toronto and its research institute is home to the highest concentration of pediatric disability research in the world.

Providing both inpatient and outpatient services, Holland Bloorview supports more than 9,500 kids and youth with disabilities and complex medical needs each year, delivering care that focuses on physical, mental and emotional well-being. We are renowned for our expertise in co-creating with clients and families to deliver safe, exceptional and inclusive care, and is the only organization to achieve 100 per cent in four successive quality surveys by Accreditation Canada.

Together, we dream big. Together we dare to shape the future of disability health care for kids.

This work is generously supported by donors and the Holland Bloorview Foundation
